## Our Story

When McCauley Bros. Feed & Seed, Inc. was initially established in 1938, FDR was president, the ballpoint pen had just been invented, and a gallon of gas cost a whopping 20 cents.

Some 20 years later, with a passion for Thoroughbred horses and a heartfelt desire to take the guesswork out of equine nutrition, Graham McCauley began converting his family's traditional farm store into an equine-focused feed business that was, in many ways, the first of its kind.

Although many years have passed, our focus on feeding horses with wholesome, highly effective ingredients remains the same. We have had the pleasure of feeding countless horses — from Olympians to Triple Crown winners and many beloved companions in between — all while maintaining the highest standards of feed quality and safety.
